"For best value in a supporting role."

Why is the Irwin Citation the hottest chair in the theatre business? Because it's the best value... at a surprisingly reasonable cost, it's the only really modern theatre chair on the market today. When you install the Citation in your theatre, here's what you get —

The Irwin Citation

★ The original one-piece injection molded (not vacuum formed) linear polyethelene back. No repainting ever again. No exposed screws. Mar resistant and dent-proof. Contemporary design with an attractive textured finish to complement your modern theatre. The one-piece back also forms a protective channel around the back cushion to protect it and prevent "finger-tipping."

★ Comfort — with the Irwin option of allowing you to select three different degrees of pitch at installation — 16°, 20°, or the unique "Comfort-Slope" angle of 24°. And it's quiet, with squeak-proof insulated clips and springs.

★ The exclusive Irwin "Quick-Change" seat cushion for ease of maintenance and seat rotation allows authorized seat removal in seconds . . . no hard-to-get-at screws.

★ All these features including quality construction (of course the standards are steel, the modern structural material) and luxurious comfort . . . at far from luxurious prices . . . are the reasons the Irwin Citation has met with unprecedented acceptance. Call us or your Irwin distributor and make your theatre really modern with the Irwin Citation, the best value in a supporting role.

Film Classification

Screening fees:

Standard films, \$5 per reel of original film; second, third and fourth copies \$4 per reel and each additional print thereafter \$2 per reel. Miniature films, \$2 for each reel of 400 ft. in length or less; additional prints, \$1 per reel. Trailers, \$1 for each film of less than 100 ft. in length; \$2 for each film of not less than 100 ft. but less than 500 ft. in length; and \$4 for each film of not less than 500 ft. or more than 1000 ft. in length. All films intended for reissue after a period of 10 years from time of review shall be considered as new film and shall be subject to further review.

Theatre Licences

In cities the annual fee for every theatre licence is \$50 where the population is 10,000 or over, and \$20 where the population is under 10,000.

In towns, villages or hamlets the annual fee for every theatre licence is \$10.

In villages and rural municipalities a theatre licence may be issued for a period of three months for each of any of the periods ending March 31, June 30, September 30 or December 31 in each year, and the fee for such quarterly licence is one-quarter of the fee payable for an annual licence.

In cities and towns a theatre licence may be issued for a period of six months for each of the periods ending June 30 and December 31 in each year, and the fee payable for each of such periods shall be one-half of the fee payable for an annual licence. Where an annual licence is issued after January 1 in any year and for a period not less than three months, the charge will be such proportion only of the licence fee as the number of days remaining between the date of the licence and December 31 bears to the licence fee for the whole year.

No rebate is allowed if the applicant for a licence has permitted public performances or other entertainments to be held in the theatre for which the licence is required prior to the date of a provincial licence.

In the case of a building only occasionally used as a theatre, or in the case of a special occasions licence, the licence fee is \$2 per day, or \$10 per week.

The licence fee payable for a drive-in theatre situated within a radius of 10 miles of any city having a population of 10,000 or over is \$10 per month, or a maximum of \$50 per season; and for a drive-in theatre situated within a radius of 10 miles of any city having a population under 10,000, \$4 per month, or a maximum of \$20 per season.

THINK BIG

The bigger the drink, the bigger the bargain for your customers and the bigger the profit for you. That's the Big Bargain concept you've enjoyed with Coca-Cola. The Big Bargain concept is also applicable to Sprite and Fanta orange, giving you two more opportunities to increase your profits. Ask your sales representative to show you how the Big Bargain concept can work for you.

ANNOUNCING AN OVERNIGHT IMPROVEMENT IN U.S.-CANADIAN RELATIONS.

The process of bringing neighboring countries closer together has just been accelerated. Because Emery Express is now crossing the border into Canada.

So when small packages (with a customs value of less than \$500) leave the United States, they can make the trip overnight. From any of 113 U.S. cities to Montreal, Ottawa, Toronto or Vancouver.

This fast-breaking development is

brought to you by Emery Air Freight. We opened our first Canadian office more than twenty years ago. And now we're the leading carrier of air shipments to and from Canada.

But getting bigger hasn't slowed us down a bit. In fact, Emery Express has been custom-tailored to get small packages through Canadian Customs in a big hurry.

So if we make a pick-up in the

U.S. today, we'll make a delivery in Canada tomorrow. And our computer tracking system will keep an eye on your package until it's in your hands.

Tell your U.S. shipper to call Emery Express. With us as a go-between, the United States and Canada should become fast friends.

EMERY
FROM HERE TO THERE, OVERNIGHT.

Cineplex is the world's largest cinema complex. Now that's one for the book.*

*THE 1980 GUINNESS BOOK OF RECORDS

What started as an impossible dream, is now a reality. Eighteen cinemas with a seating capacity ranging from 54 to 125, have become a landmark success at Toronto's Eaton Centre.

For distributors—Cineplex, with its smaller auditoria, provides a better chance to extend the running life of their movies. For patrons, Cineplex offers a unique policy including: a *computerized Box Office* system which allows for advanced ticket purchase while eliminating annoying line-ups: a *prime location* close to the subway, buses and all parking facilities: movie scheduling which allows for *total, between show, clean-ups!* Cineplex, now that's one for the book!

A NEW Service for

*Professional 16mm
and
35mm film makers*

Type 700

This film is rated at 80 ASA balanced for tungsten light. It has fine grain and excellent colour reproduction.

Type 710 & 720

These films are rated at 125 ASA. Type 710 is balanced for tungsten light and Type 720 for daylight, and are intended for use in those locations where the light level is insufficient to obtain satisfactory results on Type 700 with an added advantage that it maintains high quality when force processing is necessary.

Type 710 & 720 can be force processed by up to 3 stops 1000 ASA.

Type 730

This is a new high speed colour reversal film. It is rated at 400 ASA balanced for tungsten light.

Gevachrome Type 730 offers the advantage of a higher speed index combined with fine grain and an excellent colour saturation. This film may also be force processed by 2 stops 1600 ASA.

Type 682

This is a new Gevacolor negative film for 35mm and 16mm professional motion picture photography. It has a speed index of 100 ASA when exposed to artificial light of 3200° K. A colour temperature conversion filter such as a CTO88B or similar filter (e.g. Wratten 85) is needed when filming in daylight of 6000 °K.

Type 682 is a high definition, ultra fine grain colour negative film with an excellent latitude. It can be processed in the ECN II process without modification.

Sound Insurance

Recording high quality documentary sound is a risky business. Recordists work with untrained voices, no boom operators, and no rehearsals or retakes for sound.

We use "hands-on" transfer techniques to compensate for the unforeseeable. Our custom transfers of documentary, educational and industrial shoots cost no more than regular unprocessed transfers. Detailed transfer reports increase sync-up efficiency, and your rushes sound smooth. Let us transfer your next shoot; we'll catch potential sound problems early, before they become costly.

That's a wrap!

People from The Talent Group will be found in some of the most exciting and successful productions on both sides of the border this year. They're the faces and ideas you'll remember in feature films, television programs, stage productions, and award-winning radio and TV commercials.

If you're searching for the most talented actors, singers, announcers, writers and directors in Canada, there's really only one place to find them — in The Talent Group.

PAID!

At Performer Payroll Services, we're the production payroll specialists.

Because performer payment for films and commercials is our full time job, we understand fully the intricacies of fee schedules, residual payments, union fees, income tax submissions, foreign talent withholding taxes, and the other administrative entanglements that can confuse even the most capable in-house bookkeeping staff.

Ours is a complete payment and record-keeping service. We'll take care of payroll calculations, cheque disbursements, government inquiries — we'll even issue your T 4's for you.

For more information contact Phyllis Rotenberg at (416) 924-8691

CAPAC: KEEPING SCORE FOR CANADIAN FILM MUSIC

CAPAC is Canada's largest and longest established performing rights organization. It's been around for over 50 years — a lot longer than the film business in Canada! Its main job is to collect performing rights royalties from the people who use music, and distribute the money to the people who compose and publish it.

CAPAC composers and publishers produce nearly all the music for made-in-Canada motion pictures (and for the majority of Canadian television shows, too). And many of CAPAC's 6,500 members are commissioned to write scores for films made in Europe and the United States.

The list we've printed here? Just a handful of the hundreds of films for which some of our members have written the music. We're proud of them — and we're keeping score of their credits.

The OECA is an autonomous provincial Crown corporation which administers educational broadcasting in Ontario. Currently OECA operates an educational television network, TV Ontario, with outlets in Toronto (Channel 19), Ottawa (Channel 24), Kitchener (Channel 28), London (Channel 18), Chatham (Channel 59), Windsor (Channel 32), Sudbury (Channel 19), Thunder Bay (Channel 9), Sault Ste. Marie (Channel 20). Other northern areas are reached via microwave cable link. The broadcast day extends for 16 hours with programs aimed at pre-school, in-school, teachers and adult (open sector) learners. The Authority also provides a cable package for viewers in communities not reached by the TV Ontario network and provides video and audio tapes through its VIPS distribution system.

The Canada Council, created by an Act of Parliament in 1957, revised in 1977, to promote the arts, carries out its work mainly through a broad program of grants and services to artists and arts organizations. The Council also has some responsibility for promoting Canadian Culture abroad, and administers the Canadian Commission for Unesco and special programs financed by private donations. The Council reports to Parliament through the Secretary of State and appears before the Standing Committee on Broadcasting, Films and Assistance to the Arts.

Film Production Grants

Applicants must have produced at least one film or have established a professional reputation in the visual arts. Applicants must provide supporting footage in the same millimetre format to be used in the proposed production.

Projects being produced or sponsored by other federal film agencies are not eligible for Canada Council grants.

The maximum amount available for a single film production is \$40,000 to cover total or partial production costs. Applicants receiving grants of less than the amount requested may reapply for supplementary funds for a total not exceeding \$40,000.

Applications must be received by a certain date in order to be considered at the next Canada Council meeting: March 15 for announcement in June; June 15 for announcement in September; September 15 for announcement in December; December 15 for announcement in March.

Other Grants

Filmmakers may be eligible for assistance through other grant programs administered by the Canada Council. These include: Arts Grants "A"; Arts Grants "B"; Short Term Grants; Project Cost Grants; Travel Grants; the Explorations Program.

Objects and Powers

(1) The objects of the Corporation are to foster and promote the development of a feature film industry in Canada, and without limiting the generality of the foregoing, the Corporation may, in furtherance of its objects

(a) invest in individual Canadian feature film productions in return for a share in the proceeds from any such productions;

(b) make loans to producers of individual Canadian feature film productions; and

(c) advise and assist the producers of Canadian feature films in the distribution of such films and in the administration functions of feature film productions.

(2) For the purposes of the CFDA Act, a "Canadian feature film" or "Canadian feature film production" is a feature film or feature film production in respect of which the Corporation has determined

(a) that the completed film will, in the judgment of the Corporation, have a significant Canadian creative, artistic and technical content, and that arrangements have been made to ensure that the individual copyright in the completed film will be beneficially owned by an individual resident in Canada, by a corporation incorporated under the laws of Canada, or a province, or by any combination of such persons; or

(b) that provision has been made for the production of the film under a co-production agreement entered into between Canada and another country.

(3) The Corporation shall not be regarded as a partner in any film production in which it may invest and its liability shall be limited to the amount of its investment in the production.

(4) The Corporation shall, to the greatest possible extent consistent with the performance of its duties under this Act, consult and co-operate with departments, branches and agencies of the Government of Canada and of the governments of the provinces having duties related to, or having aims or objects related to those of the Corporation.

Programs

The Corporation assists Canadian feature film producers by providing development, interim and investment financing for films that meet its criteria on Canadian content, financing, completion and distribution.

The Corporation assists Canadian distribution companies by supplementing their budgets in the launching of Canadian feature films released in Canadian theatres.

The Corporation assists Canadian feature film producers in developing screenplays. Its investment could cover the cost of securing an option on a Canadian novel, retaining an experienced screenwriter and certain other expenses relating to the project.

Co-Productions

Since February 1976, the CFDC has been designated by the Secretary of State as administrator of co-production treaties between the Government of Canada and participating countries. Canada has co-production agreements with the United Kingdom, France, Italy, Israel and Germany.

The treaty with France specifies a percentage limit of 80:20 for the proportion of involvement between the majority and minority partners in the co-production. The agreements with the United Kingdom, Italy, Germany and Israel specify 70:30.

The terms of the co-production require that the artistic and technical input of each country, as well as the financial participation, should reflect its proportionate involvement in the film. Also spelled out in each co-production treaty is the minimum participation of the minority partner. The finished film is considered a national film by both countries.

As administrator, the CFDC receives all applications, studies and evaluates them and makes recommendations to the Secretary of State. When a film has been completed the producer must provide an audited statement of costs and screen the film, after which a final recommendation is made to the Minister. All co-production applications are forwarded to Samuel Freeman at the CFDC's Toronto office.

A division of Public Archives Canada with exclusive authority for acquisition and conservation of film, videotape and sound recordings in the national interest, and with authority to document and make available such resources for scholarly and cultural purposes.

Initiated as a project of PAC in 1969, the NFA was formally established by Cabinet in January 1976 with a mandate to co-ordinate and consolidate the archival collections of the National Film Board and the Canadian Broadcasting Corporation with those of other Government departments and agencies (including films made with the assistance of the Canadian Film Development Corporation and the Canada Council).

The NFA also incorporates an international collection of films and videotapes important in the art and history of the media, and a library of books (c. 7000), periodicals (c. 350 current titles), information files (c. 80,000), stills (c. 150,000), posters (c. 5000) and scripts (c. 1000). The NFA collaborates with film library and film study organizations across the country to make these resources as accessible as possible, consistent with the observance of rights.

The Ontario Arts Council offers various forms of assistance in film areas to artists in the province, and the following brochures are available from its offices:

Film and Photography Grants

Filmmakers may apply for up to \$7,000 for short, experimental, original 16mm films (full-time film students are not eligible). Senior grants up to \$20,000 are available to experienced filmmakers. All applications must be supported by a 16mm film.

Writers may apply for up to \$3,000 to write original, creative material for the screen.

Sponsors of a film festival or seminar may apply for funds to cover fees of visiting filmmakers to participate in workshops and to lead discussion groups, and to cover a portion of administrative costs.

Franco-Ontarian Grants

Franco-Ontarian filmmakers may apply for up to \$13,000 in two separate categories.

- 1) pre-production costs for short films
- 2) financial support for apprenticeship with a recognized professional filmmaker.

Arts/Education Grants

A filmmaker wishing to work in a school is required to conceive the project, find a school and negotiate a fee. The filmmaker and the school make a joint application for a grant of up to three-quarters of the filmmaker's fee to a maximum of \$1,500; a maximum of \$200 for project expenses; and up to \$600 for travel and living expenses if the project is more than 100km from the filmmaker's home.

A Guide to Grants

This brochure contains useful overall information on the who, what and how of applying for OAC grants.

The Film and Recording Industries Section provides advice and assistance to the Secretary of State in the formulation and development of policies and programs for the achievement of cultural objectives in the areas of film and recording.

The Canadian Film Certification Office is part of this section. It administers the 100% capital cost allowance program, under which investors in certified Canadian films and videotapes (both short and feature length) may deduct 100% of their investment from their taxable income in one year. Certificates for films and videotapes are issued by the office upon satisfactory completion by the producer of the appropriate application form. Information about the program, including the eligibility requirements for certification and application procedures, and blank application forms are available from this office.

President: Eda Lishman
Executive Secretary: Len Stahl

The Association was incorporated as a non-profit body in the fall of 1973. At that time it was a small group of Alberta film production houses which were the Active members, plus various Associate members. In its seventh year, the Association has grown to 27 member companies; 17 corporate affiliates (suppliers, educational institutions, crown corporations, etc.) 31 associates (individuals who make their living in the motion picture business); and 98 affiliates (individuals who may not be engaged full time in motion pictures but who have a special interest in the industry or, individuals who are employees of active member companies and wish to be personally affiliated with the Association). The total of 173 memberships involves more than 500 people in the Association's activities. A quarterly bulletin, in English, goes to members and associates. Seminars and workshops (e.g. the Banff Seminar) are held several times a year; and the Association sponsors an annual film festival.

Pioneer Of The Year Award:

In 1952 the C.P.P. marked the Golden Anni-
versary of the Silver Screen in Canada, dat-
ing it from the establishment of the first
successful motion picture theatre — the
Electric of John Schulberg on Cordova
Street, Vancouver, which he opened in the
fall of 1902. At the celebration banquet, held
in the Royal York Hotel, Toronto, Schul-
berg, Jule Allen of Toronto, George Ganeta-
kos of Montreal, A.J. Mason of Springhill,
Nova Scotia, L. Ernest Ouimet of Montreal,
and Fred G. Spencer of Saint John, New
Brunswick, were honored as pre-1910 pio-
neers who had done the most to advance the
motion picture as a popular form of enter-
tainment in its early days. Spencer passed
on shortly before the banquet and Schul-
berg, Ganetakos and Allen have died since.

The next year, the Pioneer of the Year
Award was inaugurated. Those who have
received it to date are:

Motion picture theatres throughout Canada
have paid annual licence fees to CAPAC for
more than 50 years. The right to charge
music performance fees, on behalf of com-
posers, authors and music publishers, has
been upheld by the courts.

The licence fees which CAPAC may law-
fully sue for or collect must be approved
each year by a Board appointed by the
Government of Canada. An extract from
the Canada Gazette showing the 1980 li-
cence fees is as follows:

Tarif No. 4 Theatres

For a theatre licence covering operations at
any time during the year, the annual fee is
charged on seating capacity as follows:

Seats	Rates per seat per annum
499 seats and under	10¢
500 to 799 seats	12¢
800 to 1,599 seats	15¢
1,600 seats and over	20¢

The seating capacity of drive-in-theatres
shall be three times the maximum number of
automobiles which may be accommodated
at any one time.

Theatres operating three days or less per
week shall pay one-half of the above rates.

For theatres operating for less than 12
months in each year, the fee payable shall be
reduced by 1/12th for each full month during
the year in which no operations occur.

Minimum fee — \$10.

A licence obtained under this item of the
tariff shall not be deemed to authorize any
concert or stage show when the exhibition
of one or more films is not an integral part of
the program. Concerts or stage shows in
theatres not coming within the aforesaid
classification shall be licensed under item
No. 11 of the tariff.

Aims and Objectives

The Council of Canadian Filmmakers is an umbrella organization which represents, through its individual and organization members, 14,000 film directors, writers, actors, technicians, and production personnel in the English Canadian film and television industry.

CCFM was formed in March, 1973 in response to the growing problems of the film industry. Speaking on behalf of its members, CCFM has presented numerous briefs and interventions to all three levels of government in Canada, and has spoken out in public and private forums on the need to improve the situation of the English Canadian film industry.

In the past year, CCFM has continued to press for legislated quota and levy systems to ensure that Canadian films have reasonable access to Canadian theatres, and to ensure that a reasonable percentage of Canadian box office earnings are returned to Canadian production. The Council has also undertaken extensive research in the area of Pay-TV.

The objective of the Council of Canadian Filmmakers is to promote the development of an indigenous English Canadian film industry by: (1) informing government and the public of the situation in the film industry in English Canada; (2) presenting a unified industry voice in negotiations with government, in public forums and in the press; (3) lobbying for the conditions which will make an indigenous film industry viable in Canada.

Membership, by invitation only, currently includes: Joseph Beaubien, Jack Bernstein, Budge Crawley, Bill Fruet, Fil Fraser, Harvey Hart, Denis Heroux, Claude Heroux, James Margellos, William Marsden, Jacques Patry, Mickey Stevenson, Eric Till, Mike Zahorchak.

Organized in January 1977, the objectives of the Institute are to serve the Canadian feature film-going public by improving the quality of product and services in all sectors of the Canadian theatrical feature film industry including directing, production, exhibition and distribution; to establish and maintain a flow of communication among all sectors of the industry; and to unify the industry.

A new category of participation in the MPIC has been created which provides an on-going analysis of the motion picture industry with regular mailings of news bulletins, press releases, schedules, financial analyses, briefs, press clips and other relevant documents dealing with new trends and developments in the Canadian and international film, television and communications communities. Associate membership is open to individuals and corporations involved in film or related areas.

Over the last three years, activities have included various professional development seminars in production, co-production, audio-visual communications, marketing and feature film financing. The transcripts of the feature film financing seminar, held in 1979, have been published by the Institute and are generating orders from Canadian and international producers, filmmakers and financiers.

A screenwriting competition is being organized to acknowledge the critical importance of quality screenwriting to the motion picture industry and to encourage and honour talented Canadian scriptwriters and on-the-job apprenticeship training programs will be launched in the near future to provide young Canadians with the opportunity of working with industry professionals on major independent and studio productions.

Since 1970 the OFA has run an annual Film Showcase in March/April, providing a major marketplace for 16mm non-theatrical films. It is an opportunity for 16mm film producers/distributors to screen new films for public, regional and special collection film librarians, AV co-ordinators, media consultants, educators, film society representatives and personnel from government, business and industrial film agencies — all of whom purchase or recommend the purchase, rental or lease of films. OFA also sponsors the Grierson Film Seminar as a forum for filmmakers and film users to discuss trends and techniques in documentary films and periodic workshops and screening sessions to promote film awareness.

Each motion picture theatre in Canada, whether individual or a chain, is obligated to pay to Performing Rights Organization of Canada Limited an annual licence fee for the right to perform music in its repertoire, or the repertoires of foreign performing right organizations represented in Canada by P.R.O. Canada. The licence fees have been collected from theatres on behalf of writers, composers and music publishers since 1966.

The fees collected must be approved annually by the Copyright Appeal Board in Ottawa. The courts uphold the fact that it is unlawful to operate a motion picture theatre in Canada without a P.R.O. licence for the performance in Canada of its dramatico-musical works during the calendar year 1980. Tariffs are printed in "The Canada Gazette" and the one pertaining to theatres is:

THEATRES

For a theatre licence covering operations at any time during the year, the annual fee is charged on seating capacity as follows:

Seating Capacity	Annual Fee
Up to 499 seats	\$12.00
500-999 seats	24.00
1,000 seats and over	42.00

The seating capacity of Drive-In Theatres shall be three times the maximum number of automobiles which may be accommodated at any one time.

Theatres operating three days or less per week shall pay one-half of the above rates.

For theatres operating for less than 12 months in each year, the fee payable shall be reduced by 1/12th for each full month during the year in which no operations occur.

Minimum fee, \$10.

A license obtained under this item of the tariff shall not be deemed to authorize any concert, recital of classical music or live performance when the exhibition of one or more films is not an integral part of the program. These performances shall be licensed under Item Number 5 of this tariff.

The Heart Award

In 1947 the late Peter Campbell, then president of the Maple Leaf Baseball Club, was singled out by Variety for his great fund raising efforts and presented with a gift to symbolize it. The following year Conn Smythe, president of the Maple Leaf Baseball Club was similarly honoured. It was then decided to make an annual award to the Barker who had made the most outstanding contribution to the work of Variety each year. This was to be known as the Heart Award.

Variety in Action

In Ontario during the past four years, Tent 28 has raised and allocated close to 4½ million dollars as its contribution to the "greatest children's charity in the world". Fund-raising activities include an Annual Bike-A-Thon, a Bingo operation, Annual Gourmet Dinner, and a Golf Tournament.

Tent 28 gives a large measure of financial support to the Variety Village Electro Limb Centre, Day Care program, and a unique Sports Training and Fitness Centre for disabled young people now under construction. Help also extends to a long list of diverse recipients — the research program of the Ontario Society for Crippled Children, the Hospital for Sick Children Cardiac Catheterization Lab, the Mount Sinai Hospital Ultra Wave Diagnostic equipment, the Ontario Community for the Deaf — to name a few.

The Toronto Blue Jays baseball team have designated Variety Club as their charity, and the Variety Club in Ontario is host to an annual "Baseball's Back In Town" dinner on the eve of opening day. There are now thirty-one Variety Sunshine Vans in operation in Ontario, which are custom-built according to the disability of the children to be transported.

Film Studies is an academic discipline concerned with the history, criticism, theory and practice of the cinema both as an art form and as a documentary record of our time. The cinema is a source of pleasure and knowledge, and its study should form a part of one's cultural education. The program will enable the student to develop a critical faculty appropriate to intelligent understanding of the cinema by approaching its study as a scholarly activity which rewards systematic research, analysis and exposition. Ten courses will be offered in 1980-1981, leading to a B.A. with a Major or honours in Film Studies.

YEARBOOK

The best investment for an advertising dollar is in this long-established reference volume. It's consulted by a wide variety of users in the motion picture industry around the world, as well as film archives, universities, libraries, consular offices, and various levels of government.

The Canadian Film Institute/Institut canadien du film was founded in 1935 to encourage and promote the study, appreciation and use of motion pictures and television in Canada. The CFI, a federally chartered non-profit corporation, is made up of the following divisions. The National Film Library of Canada, which distributes almost 10,000 titles of specialized educational films to over 2,000 institutions. The National Film Theatre of Canada (the NFT) presents roughly 400 film screenings a year in the National Capital Region at the theatre of the Public Archives and the National Arts Centre, as well as supports affiliate NFT's throughout Canada. The Publications & Research Division publishes works on important filmmakers, compiles the annual yearbook of Canadian film/Film Canadiana and conducts research on a contract basis. The Canadian Centre for Films on Art makes available to arts organizations films on art and dance. The Institute also hosts the World Animation Film Festival which takes place every two years. This is an international competitive festival sanctioned by ASIFA and FIAF.

The Cinematheque quebecoise was founded in 1963. Although its main activity is conservation, the Cinematheque also includes a photo library, film poster collection, documentation section on Canadian film, plus a Cinema Museum with a collection of film equipment and animated films.

Special series of films are screened through the year (brochures on request). Publication: Copie Zero (in French and English). Dossiers de la Cinematheque, and various booklets.

ONTARIO FILM INSTITUTE

Ontario Science Centre
770 Don Mills Rd.
Don Mills, Ont. M3C 1T3
(416) 429-4100
Director: Gerald Pratley
Administrator: Sherie Brethour

The Ontario Film Institute was founded in 1969 to encourage the development of the art of the film and to foster public appreciation and study of film history, origins and accomplishments. It was further required to act as a clearing house for information on all matters affecting films in Ontario, in the country as a whole, and also abroad, particularly with regard to education and general knowledge.

The Institute is part of the Ontario Science Centre, situated on parklands in the Toronto suburb of Don Mills. It is financed through the Science Centre by the Ministry of Culture and Recreation of the Province of Ontario. As such it is a department of government. It is not affiliated with commercial film companies or interests in any way, but maintains harmonious working relations with producers, distributors and exhibitors. The OFI has three divisions: the Institute itself, which is the reference and information centre, the Ontario Film theatre, and the Ontario Film Archive. The Institute collects, preserves, organizes and makes available documentation on Canadian and international motion pictures — mostly feature films. There is a comprehensive book library, several hundred screenplays, a large collection of soundtrack recordings and tape-recorded interviews with film makers, and a periodicals section made up largely of leading English-language film journals.

The Ontario Film Theatre presents film showings covering a wide range of material and has become an established part of Toronto's cultural life with its seasons of films from abroad, directors' series, historical surveys and current cinema programs. The auditorium of the Science Centre functions as the Ontario Film Theatre in the evenings. It has 482 seats, translation booths, an ideal stage area for discussions, and a projection booth equipped with 16, 35, 70 mm projectors and a 24-speaker stereophonic sound system. The OFT also has the use of three 16 mm viewing theatres at the Science Centre, when required. There is also a Cinema Bar open on those evenings when directors or other speakers attend the showings of their films.

Regional Film Theatres have been operating successfully on a regular basis in Brockville, Windsor and Niagara-on-the-Lake, with programs of European, American, Canadian and classic films. The Institute is prepared to assist all communities which desire to start film theatre programs providing facilities are available and local organising committees are formed.

Quarterly publication: Film News; occasional publications of monographs on cinematic subjects (in English).

Collections of Ontario-related film prints; other copies on deposit with the National Film Archive, Ottawa.

Founded in 1972, the Pacific Cinematheque Pacifique (PCP) was established as a film study centre for the West Coast. It maintains an archive of some 250 British Columbia independent film productions; a film study collection of world classics and West Coast filmmakers for circulation to universities and educational institutions; and a reference library of over 1,500 books and magazines on film for use by members and researchers. The PCP runs a regular 5-day exhibition program at the National Film Board Theatre of series of world cinema, directors' retrospectives, independent productions, non-narrative films and special events of talks by filmmakers, forums and mini-festivals, as well as an extension program of packages of films to minor communities in the province.

FESTIVAL INTERNATIONAL DU CINEMA EN 16 MM DE MONTREAL

3684 St-Laurent
Montreal, Que. H2X 2V4
(514) 843-4725
Director: Dimitri Eipides/Claude Chamberlan

The Festival, which takes place November 1-10, 1980, aims to seek out and promote the artistic, cultural and social values of current 16mm world production, and to emphasize its advantages and importance. The Festival also provides a forum for exchange and discussion among representatives of the medium and the public.

FESTIVAL OF FESTIVALS

69 Yorkville Ave
Toronto, Ont. M5R 1B7
(416) 967-7371
Director: S. Wayne Clarkson

Toronto, September 4 - 13, 1980

Begun in 1976, the Toronto International Film Festival (Festival of Festivals), is a non-competitive event extending over 10 days, offering a wide selection of recent Canadian and international feature and short films, as well as retrospectives, special events, craft conferences, seminars and symposiums.

Guest directors and film personalities are in attendance.

The 1980 Festival includes, for the second time, a "Trade Forum" for Canadian and American industry representatives to exchange information on the 'business' of filmmaking.

THE GOLDEN REEL AWARD

c/o The Canadian Motion Picture
Distributors Association
1 Yonge St., Ste. 2207
Toronto, Ont. M5E 1E5
(416) 366-9266

The Golden Reel Award is sponsored by the Canadian Motion Picture Distributors Association, and is presented to the producer of the Canadian feature film which has achieved the highest level of commercial acceptance, and having the broadest public appeal in the Canadian theatre in the past year. Started in 1976, the first Golden Reel Award was won by Harry Gulkin for his *Lies My Father Told Me*; Lawrence Hertzog received the 1977 Award for *Why Shoot The Teacher*; and Allan King, who was also director of the film, won the Award in 1978 for *Who Has Seen The Wind*. The 1979 Award was won by Dan Goldberg for *Meatballs*.

INTERNATIONAL ANIMATED FILM FESTIVAL

National Arts Centre, Ottawa
August 23 - 28, 1980

Organized by:
CANADIAN FILM INSTITUTE
75 Albert St., Ste. 1105
Ottawa, Ont. K1P 5E7
(613) 238-3287/238-6748
Director: Frederik Manter
Vice-Director: Kelly O'Brien

The International Animation Festival is held every second year in Ottawa.

The third Festival (Ottawa '80), in addition to the internationally adjudicated competition, will feature retrospectives and tribute programs. Special events are also arranged, and designed to advance the Art of Animation, and to create an environment where animators from around the world may gather in a true spirit of international communication and understanding.

For the first time, electronic and computer animation will play a major role in the Festival. In addition to competitive categories, workshops and demonstrations are planned.

THE ONTARIO FILM INSTITUTE AWARD

This Award for Excellence in Canadian Cinema is given annually to a film or film maker which best represents indigenous Canadian values in the cinema. The first Award will be made at the 1980 Guelph Spring Festival, during its three-day Canadian Film Event.

The Academy of Motion Picture Arts and Sciences is an honorary organization composed of more than 4,200 motion picture craftsmen and artists.

Since its founding in 1927, the organization's stature has grown internationally until today the Academy provides unparalleled incentive for higher levels of technical and professional achievement among all branches of filmmaking and has become the cinema's most effective single ambassador.

It is widely recognized that the motion picture is one of our most important sources of information, education and entertainment. This, and the constantly rising artistic merit of films produced throughout the world, is due, in part, to the Academy.

The Academy is a non-profit organization whose field of activity does not include economic, labor or political matters.

PURPOSES

The purposes of the Academy are to advance the arts and sciences of motion pictures; foster co-operation among creative leaders for cultural, educational and technological progress; recognize outstanding achievements; co-operate on technical research and improvement of methods and equipment; provide a common forum and

meeting ground for various branches and crafts; represent the viewpoint of the actual creators of the motion picture and foster educational activities between the public and the film industry.

HISTORY

The Academy was organized in May 1927 as a non-profit corporation, chartered under the laws of California. Its 36 charter members included production executives and film luminaries of the time.

The Academy moved into its present quarters in Beverly Hills in 1975. The seven-storey building includes the Samuel Goldwyn Theater, Margaret Herrick Library, Administrative and Publications offices.

Officers:

President: Douglas Ganton
Vice-President: Henri Fiks
Secretary: Diane Parsons
Treasurer: Angie Vastagh
General Secretary: Suzanne DePoe

The Association of Canadian Film
Craftspeople was formed in August 1978.

Aims & Objectives

1. To establish a Canadian-based union of film technicians.
2. To let our members continue to operate as freelance technicians within a flexible structure and at the same time ensure fair rates and conditions of work.
3. To allow producers more latitude in their choice of personnel by working with any Canadian technician regardless of union affiliation.
4. To provide a place where talented newcomers can be trained and experienced professionals can expand their skills.
5. To seek agreements and understandings with like-minded organizations when such agreements would be in the best interest of our members and the industry as a whole.
6. To take an active role as a member of the Federation of Canadian Guilds and Unions in Film and Television in the planning and making of policy decisions which affect the day to day problems as well as the future of the industry.

OF MOTION PICTURE
PRODUCERS (CAMPP)**

c/o President, David M. Perlmutter
950 Yonge St., Ste. 1000
Toronto, Ont. M4W 2J4
(416) 964-6661

1980 Executive Committee

President: David M. Perlmutter
Vice-President: Ronald I. Cohen
Secretary: Samuel C. Jephcott
Treasurer: Murray Shostak
Directors: G. Chalmers Adams, Joseph F.
Beaubien, Stanley Colbert, Rob Iveson,
Robert Lantos, Andre Link, Les
Weinstein

CAMPP was incorporated federally in 1973 to promote and foster the production of motion pictures in Canada; to develop and promote the interests of producers; and to provide its membership with technical and other information for the improvement of their knowledge, work and status. Membership is voluntary and is comprised of some one hundred individuals whose activities represent the overwhelming majority of feature length motion pictures produced in Canada. Annual membership dues are \$150.00 per individual at present and each member pays a production levy with respect to each film in which he performs a producing function. All members are Canadian citizens or permanent residents of Canada and have performed the function of a producer on at least one feature length motion picture.

The members elect the Board of eleven directors annually and these directors become the officers of the Association. The Association has no full time staff nor is any member compensated for his services to the Association. Members are active on several standing committees including feature film co-productions, pay television, taxation, securities regulation, industry relations, marketing, professional development and education, and sundry others.

CAMPP is a member of the International Federation of Film Producers Associations.

CANADIAN FILM EDITORS GUILD (CFEG)

P.O. Box 46, Station A
Toronto, Ont. M5W 1A2
(416) 485-3222

National Executive 1979/80
President: Vince Hatherley cfe
First Vice-President: John Fryd cfe
Second Vice-President: Al Streeter cfe
Treasurer: Donald Ginsberg cfe
Secretary: Havelock Gradidge cfe
Directors: Brian Ravok cfe, Jim
Hopkins cfe, Mike MacLaverty, Steve
Fanfara

The Canadian Film Editors Guild was established in 1967 and incorporated in 1968.

Aims

To advance the art and craft of the film editing profession.

To promote and foster high standards of film editing by establishing a clearing house of information for the film industry.

To bring into close alliance all film editors who desire to advance the prestige and dignity of film editing.

To establish close liaison with producers, directors, laboratories, re-recording studios and any other groups or organizations concerned with film editing.

Objectives

The Guild shall...

a) adopt and encourage the observance of a code of ethics for its members.

b) endeavour to promote understanding of film editing functions amongst all film crafts and the general public.

c) award recognition for film editing craftsmanship to those members of the Guild so qualified and authorize the use of the letters 'cfe' after the names of full members on screen credits or publicity of any kind.

d) make available to producers a current list of qualified and experienced film editors.

e) investigate and establish standards and procedures applicable to all film editing functions in liaison with others so concerned.

f) actively engage in the selection and presentation of awards where recognition is given for film editing excellence.

g) present its own awards annually.

h) arrange for prominent members of the film industry to give lectures and demonstrations of established and new techniques for the benefit of its members.

i) endeavour to obtain and screen at regular intervals films portraying film editing excellence and new techniques for the benefit of its members.

j) promote liaison and exchange of information with similar organizations throughout the world.

Representatives

Canadian Film Development

Corporation: John Fryd cfe

The Council of Canadian Filmmakers:

Peter Shatalow

Academy of Canadian Cinema Genie

Awards: John Fryd cfe

Past Presidents

1968/69: Glen Ludlow cfe

1970/71: Vincent Kent cfe

1972/73: Don Haig cfe

1974/75: Kit Hood cfe

1976: Phil Auguste cfe

1977/78: John Fryd cfe

Honorary Life Members:

Any persons (not necessarily film editors) deemed worthy of such membership by unanimous approval of the National Executive. Any person honored with such membership may, if they wish, use 'cfe' (honorary) after their names on suitable occasions. Honorary Life Members, who have previously been members, are entitled to vote in the business of the Guild.

Members

Recognized film and sound editors with at least five years professional film editing experience in a full-time capacity. Members are entitled to use 'cfe' after their name on screen credits and publicity. (Sound editors may not use 'cfe' when picture editing unless otherwise qualified, as above.) Associates may qualify for 'member' status prior to five years, provided they are able to convince the current Executive of suitable abilities. Members who retire from the Guild, for whatever reason, are not entitled to use 'cfe'.

Associates

Recognized film and sound editors who are not eligible for 'member' status but are currently engaged in full-time professional film editing. Negative cutters may also qualify for associate status providing they can prove at least five years recent professional experience.

Affiliates

Any person directly concerned, in any capacity, with professional film editing. Included are assistant film editors, negative cutters, trainees, etc.

Corporate Affiliates

Companies or organizations concerned with any aspect of professional film editing (i.e. production companies, recording and re-recording studios, optical effects houses, manufacturers, suppliers, etc.). Also, a courtesy title accorded regular advertisers in "The Canadian Film Editor" magazine.

The Canadian Society of Cinematographers was founded in 1957 by a group of veteran cinematographers from Toronto, Montreal and Ottawa. It is the only organization in Canada that represents the interests of cinematographers exclusively.

Its aims are:

1. To promote and foster cinematography in Canada.
2. To develop and promote the interests of Canadian cinematographers.
3. To provide membership with technical and other information for the improvement of their knowledge, work and status.
4. To function towards the achievement of these purposes free from all partisan political, labour-management and other issues not related to these stated aims.

For over 21 years more than 300 cinematographers, assistant-cameramen and film students have become members of the Canadian Society of Cinematographers.

Members of the Society are active participants at meetings of the Academy of Canadian Cinema, the CFDC and other groups within the film community.

The Society founded the magazine "Canadian Cinematography" which later became "Cinema Canada", now published independently.

Through meetings held on the first Monday of each month, September through May, the executive strives to have interesting and informative discussions on current and new equipment, new techniques and problems that may affect professional cinematographers.

Several members are instructors at universities and colleges across Canada and the Society periodically organizes special classes for assistant cameramen and others interested in learning the essentials of cinematography.

By active and financial support to the CSC, professional cinematographers are able to make their collective voices heard when problems arise in the film industry and possibly find mutually acceptable remedy.

Each year the CSC holds an awards function and trophies are presented to members only in the following categories:

Feature/TV Drama	CSC Award
Documentary	CSC Award
TV Commercials	CSC Award
Student Films	Plaque
News	Roy Tash Award

In addition, and not necessarily each year, the Bill Hillson Award (a miniature Arriflex) is presented to a member of the CSC who has performed outstanding service to the Society or has made a special contribution to the art of cinematography. Also, members have won international recognition and awards including the coveted 'Oscar'.

MEMBERSHIP

Membership in the CSC is divided into the following categories:

Affiliate Membership

The applicant must be professionally employed as an assistant cameraman or camera operator or be active in a field directly related to cinematography such as teaching or studying cinematography at a recognized Canadian institution of learning. Affiliate members have no voting privileges and are not permitted to serve on the board of directors. They have the right, and are encouraged to attend, all membership meetings and may serve on committees.

Associate Membership

The applicant must be professionally employed as a cinematographer or camera operator for a period of at least three years. Teachers of cinematography may be considered for this category provided they have sufficient previous practical experience. Affiliate applicants must be in good standing.

Full Membership

The applicant must be professionally employed as a cinematographer for a period of at least ten years and must also be fully qualified to assume the responsibilities of Director of Photography. Alternatively, the applicant must have to his credit, exceptional achievement as a cinematographer. Only full members are entitled to use the initials 'CSC' after their names on screen credits, correspondence and stationery. Full membership is not automatically acquired after ten years nor does the ten-year limit always apply. Full membership is granted only after the membership committee has screened an applicant's film examples which must show an ability to light interiors and exhibit a high standard of excellence. Full membership applications are reviewed once annually and are granted only upon unanimous approval of the board of directors. Associate applicants must be in good standing.

Honorary Membership

Honorary membership may be awarded by the membership committee to Canadian laymen who have promoted, or are promoting, through their efforts, the interests of cinematography in Canada. Honorary members are not active, as such, in the regular business of the Society.

Life Membership

Life membership is awarded by the board of directors to members who have retired from active cinematography and who have been particularly valuable to the Society in the past. Membership is retained without payment of dues.

A LIST OF MOTION-PICTURE TECHNICAL TERMS IN FIVE LANGUAGES

Initiated by Carlos Connio Santini

Standardization of international usage in motion-picture language may not be possible, but mutual understanding of the technical terms used in the industry, in those language areas where its principal activities are carried on, is a worthy goal. The basis for this list was contributed by the late Mr. Santini with no claim to its being definitive; in compiling it, however, he tried invariably to choose the term most generally accepted in each language. Readers' comments and additions to the current list will be welcomed.
